Description: Surfaced track through Combe Valley Countryside Park with striking rural views and lots of water birds. This is a straight out and back route, make it shorter by turning round at any point. Lots of opportunity to extend, get a larger map. Take care: Path is slightly stony in places making it slightly uneven; a bit of gradient in places; no stiles or steps. NB. Very limited parking in disused lane, avoid peak times. Difficulty level: Easy. Nearby postcode: TN38 8EG
