AND STONEHURST LANE  
1.9 mile walk

TCV2020

Description: Small, young Woodland Trust site; public footpaths through established woodland, farm and fields; section on very quiet lane.  
Take care: Very steep at stream crossings and one crossing is stepping stones; several stiles; grazing livestock at times; can be quite uneven in places and could be muddy in winter. Stonehurst Lane has no pavement but minor road with limited local traffic.  
Difficulty level: Moderate when dry; slightly challenging if muddy/slippy. Nearby postcode: TN20 6LL
